Requested Day of Party _____

Method of Payment Check Cash

Yes! I'm a Friend of Pringle or would like to join (new or renewing members, please add \$35.00 to your total. Non-refundable.) Members receive a 25% discount.

I have read and understood the [Birthday Party Procedures](#)

How to schedule your party

Please call to check availability or mail in/drop off in person your registration and payment **two weeks** in advance so appropriate staffing can be arranged.

If you mail in your form without having called prior, you will receive a call to verify that the day and time you wish to have the party is available.

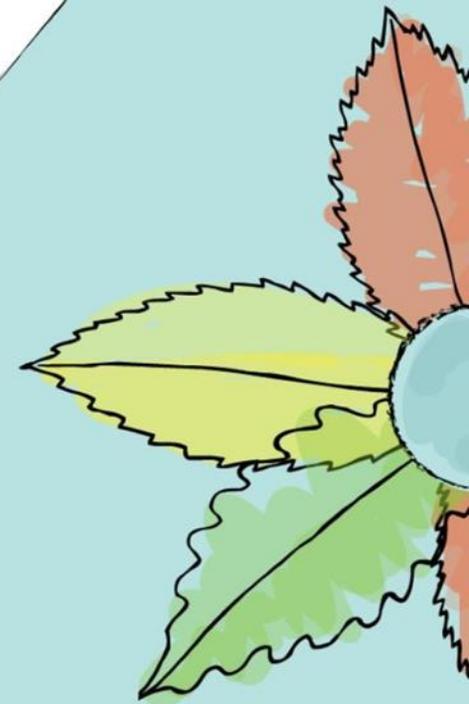

All parties are limited to 20 children.

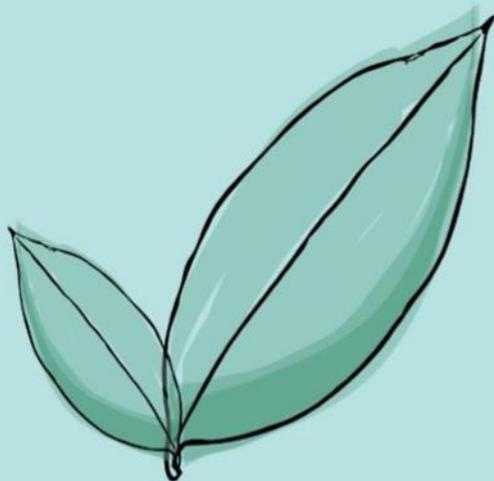

The first half hour of your scheduled time is for you to set up for your party and the arrival of your guests. The time with the naturalist will begin after that, with the additional scheduled time after that for cake and presents.

NATURE BIRTHDAY PARTIES

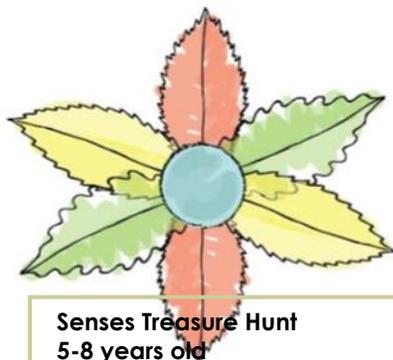

If you have a child that enjoys spending times outdoors, consider giving a Pringle Birthday Party as a wonderful gift. Our staff will provide a nature activity of your choice for the birthday boy or girl and friends. We offer several Birthday Party themes for you to choose from.

Our Birthday Parties are typically one to one and a half hours in length, depending on which activity you choose, with an additional hour for cake and presents, etc. We have a refrigerator, freezer, and microwave for your use. We also have plates, silverware, and glasses available at no extra charge.

If you would like to sign up for a Pringle Nature Center birthday party, please read the procedures and call us at (262) 857-8008 or mail us the form.

BIRTHDAY PARTY OPTIONS

Senses Treasure Hunt **5-8 years old**

Create magical experiences using all of your senses and remembering your experiences by making a scrapbook.

1 hour

Nature Games **5-8 years old**

Nature is our playground as we go out and play games outside. Children will learn that it's okay to play outside here.

1 hour

Animal Tracks **4-10 years old**

Even though we can't see animals, they leave clues for us behind. Children create a plaster track to take home and then it's off to look for the clues the animals left us.

1.5 hours

Natural Art **4-12 years old**

Nature provides many patterns in which artists have used. We will go out and collect our art supplies to create wonderful nature masterpieces. Projects vary with season and age group.

1 hour

Getting Down with Dirt **4-12 years old**

Soil provides an amazing adventure for those who love to get down and dirty. Children will explore what lives in the dirt! Participants will get dirty!

1 hour

Papermaking **8-12 years old**

Once you use that paper, don't throw it out, use to make your own paper! Children will make their own paper to bring home and use

1.5 hours

Winter Wonderland **4-12 years old**

Come see Bristol Woods in the silence of the snow. Children will explore, learn survival skills, and track animals. Afterwards, hot chocolate to warm up!

1.5 hours

Geocaching **8-12 years old**

Play hide and seek with your GPS! This high tech game is very popular sport people like to do. Bring your own GPS or check out one of ours.

1.5 hours

What Lives in a Pond? **8-12 years old**

We'll go down to the pond and see what critters like to live there. We'll learn about what lives there by finding out what they are. Participants will get dirty!

1.5 hours

Survival **8-12 years old**

Children will learn the basic survival skills they'll need if they get lost. Participants will build shelters in the woods to see if they'll stay dry.

1.5 hours

Bugs and Slugs **5-8 years old**

These insects won't bug you as we explore different areas to find various flying, crawling, and wriggling insects to gross your family out. We'll look in the pond, prairie, and forest for all our buggy friends.

1 hour

Snowshoeing **8-12 years old**

PNC will provide snowshoes and a brief snowshoe lesson and then we'll head out on the trails to explore and play games on snowshoes. If no snow is present, we will offer a substitute theme.

1.5 hours

Astronomy (StarLab Planetarium Show) **8-12 years old**

Children will learn the reasons for the seasons as well as a few constellations and their stories as to how they got in the sky.

1 hour
